NEW! PINK DAFFODILS

For over a quarter of a century "Mrs. R. O. Backhouse" has been famous as the first "Pink Daffodil". Inspired by its dainty beauty, hybridizers have worked long and purposefully and these new large crowned varieties, which are being offered for the first time at prices within the reach of the average Daffodil enthusiast, are the result. They are leveler and more delicately tinted and mark a great advance toward newer and better things.

B737C ANTIBES. Nicely formed pure white perianth surrounded by a trumpet which is pale apricot shaded salmon and orange when opening, but later turning to soft pink. Each 85c; 3 for \$2.30; 10 for \$7.35.

B740C BIARRITZ. When opening the dainty trumpet is pale buttercup-yellow with a broadly fringed apricot shaded edge; the fully developed trumpet becomes clear apricot-pink. The perianth is pure white. Each 85c; 3 for \$2.30; 10 for \$7.35.

B348C MRS. R. O. BACKHOUSE. (Illustrated.) Famous as the first pink Daffodil. Ivory-white with a slim graceful apricot trumpet which changes when mature to a dainty pink. 3 for 80c; 10 for \$2.40; 25 for \$5.80.

B743C PINK FAVORITE. A wonderful flower, pure white with a very pale yellow trumpet which changes rapidly to a beautiful apricot-pink, somewhat deeper inside. Each \$1.50; 3 for \$4.25; 10 for \$13.50.

B746C SIAM. A beautifully formed, pure white flower surrounded by a wide flaring apricot trumpet which changes gradually to soft pink. A giant among the "pinks." Each 85c; 3 for \$2.30; 10 for \$7.35.
